

# KONEČNÁ & ŠAFÁŘ

---

On 19 June 2008, a traditional meeting of financial managers from the Liberec region was held in the presence of the team of Konečná & Šafář. As usual, the meeting participants included employees of prominent entrepreneurial entities for whom our lawyers and tax advisors organized a lecture dealing with the issues of expected amendments of tax regulations, novelties in insolvency law and in the field of mergers and acquisitions. With regard to a great expertise of the audience the lectures were followed also by a stimulating discussion with our lecturers.
